

**XR FORRES: SONGS FOR THE CLIMATE** To urgently, create a Green New Deal  
(as of February 2020) We're rising up! We stand here in rebellion!  
And we declare, that ecocide's a crime  
In love and rage, and peaceful disobedience  
The signs are clear we're running out of time.

**WE'RE STANDING HERE**

(Owly Dave Ramsden arr: Helen Yeomans.)

We're standing here, for this is an emergency

We're standing here, for all that we hold dear

We're standing here, for beauty and diversity

And we're standing in the love that binds us all

And we demand, our government must tell the

truth And they must act, as if the truth is real

And we demand, a *powerful* Assembly
